

# Product Information

## Brite Clean

Cleaning Strength

### Description:

Brite Clean is a concentrated, enzyme-based **Extraction Fluid**.

### Characteristics:

Function:	Remove dirt, grime and light grease
Surfaces:	Carpets and upholstery
Formulation:	Water-based solution containing enzymes
Color:	Amber
Fragrance:	Herbal
Shelf Life:	1 year
pH:	10

### Specifications:

VOC Compliant:	Yes
Phosphate-FREE:	No
NPE-Free:	Yes
Biodegradable:	No
Body Shop Safe:	No

### Part Number(s):

E052

### Key Benefits:

- Contains enzymes which break down protein-based stains so common to vehicle interiors (food, blood, grass, coffee, etc.)
- Contains mild surfactants and solvents effectively cleans a variety of interior surfaces without leaving residue
- Water soluble solvents dissolve grease and other petroleum-based contaminants
- Concentrated formula reduces usage costs

### How To Use:

1. Thoroughly vacuum area to be treated.
2. Pre-soak heavy stains with a spot remover.
3. Mix one part product with 30 parts water (1:30).
4. Test a small area of fabric to ensure color fastness.
5. Extract fabric with hot water extractor, ensuring not to saturate fibers.
6. Re-vacuum area extracted to remove excess moisture.
