### Cleaning Strength:

### Foaminess:

### Part Number(s):

5 Gallon Pail: 593714  
55 Gallon Drum: 593716

### Specifications:

Body Shop Safe  
Phosphate Free  
NPE Free  
Biodegradable  
Water Based  
Concentrated

## Characteristics

<b>Function:</b>	Remove dirt and grime
<b>Surfaces:</b>	Exterior paint, chrome, glass, rubber, plastic and vinyl
<b>Formulation:</b>	Water-based solution
<b>Rinsing:</b>	Sheeting
<b>Color:</b>	Pink
<b>Fragrance:</b>	Watermelon

## Key Benefits

- pH balanced formulation safe for all paint types
- Enhanced surfactants produce long lasting, deep, rich foam that lifts and holds dirt in suspension, preventing it from reattaching to vehicle surfaces
- Generates excellent sheeting action preventing water spotting
- Highly concentrated formulation mixes with water, reducing usage costs

## How to use

- 1 Mix 2 ounces of soap in 5 gallons of water. (1:320)
- 2 Wet surface with cool water and apply soap solution.
- 3 Agitate solution with sponge or wash mitt, including wheel wells (using a separate mitt).
- 4 Rinse vehicle from the top down, using low pressure.
- 5 Remove excess water with chamos.

### TIPS:

Do not wash vehicle in direct sunlight  
Mix as directed. Over concentration of quality soaps can lead to unwanted streaking.
