

## Select Glass Cleaner

### Description:

A highly concentrated, VOC compliant, glass cleaner that quickly removes dirt, smoke and traffic film without streaking. It contains a blend of alcohol and grease-cutting agents, and is ammonia-free.

### Cleaning Strength:

### Part Number(s):

593892

### Specifications:

- VOC Compliant
- Body Shop Safe
- Phosphate Free
- NPE Free
- Biodegradable
- Water Based
- Concentrated

## Characteristics

- Function:** Remove dirt, grime, smoke and road film
- Surfaces:** Glass and chrome
- Formulation:** Water-based solution
- Flammability:** High
- Color:** Green
- Fragrance:** Unscented

## Key Benefits

- VOC compliant, phosphate-free and body shop-safe formula
- Alcohol and grease-cutting agents quickly remove smoke & traffic film
- Low usage cost due to high concentration
- Quickly removes range of contaminants from glass & chrome surfaces

## How to use

- 1 Mix one part product with 20-30 parts water depending on cleaning strength and water quality.
- 2 Spray product directly onto glass.
- 3 Agitate solution with lint-free cloth or paper towel. If cloths are used, designate them as "window only", and store and wash them separately.
- 4 Wipe glass clean with second clean cloth or towel.
