Part Number(s):

CB01B101-02: 32 oz

Specifications:

VOC Compliant
Body Shop Safe
Water Based

Characteristics

Key Benefits

- Low dust formula with long working window
- Produces deep, hologram-free gloss

How to use

- 1 Shake bottle before use.
- 2 Sand or compound surface to P2000 or finer then wipe clean.
- 3 Using only a small amount in each area, polish with a Car Brite polishing pad at a low speed for 30 seconds and maximum pressure (10 lbs.) while tilting the buffer.
- 4 With light pressure (2 lbs.), polish area with flat pad for up to 2 minutes.
- 5 Remove any residue with a clean, microfiber towel.

For great results: Seal with Car Brite SELECT Sealer Wax.
